

SURESH BABU NARAVA

SOFTWARE ENGINEER | CLOUD & DEVOPS

Aylesbury, UK | +44 7721 646062 | sureshabunarava@gmail.com | [LinkedIn](#) | [GitHub](#) | Portfolio

PROFESSIONAL PROFILE

IT professional with 2+ years of experience across IT support, Software Engineering and DevOps, with hands-on skills in AWS, Terraform, Kubernetes, Docker and CI/CD. Experienced in enterprise technical support, Windows administration, Active Directory, Entra ID and ServiceNow, with a strong focus on troubleshooting and automation. Currently based in the UK, upskilling in software development and building Laxhya, a small software venture focused on practical digital solutions.

CORE SKILLS

Software & Web	Next.js, Python, JavaScript, HTML, CSS, Git, GitHub
Cloud & IaC	AWS, EC2, VPC, IAM, S3, RDS, Terraform, Ansible
Containers & CI/CD	Docker, Kubernetes, EKS, Helm, Jenkins
Observability	Prometheus, Grafana, AWS CloudWatch, Datadog
IT & Identity	ServiceNow, Windows, Active Directory, Entra ID, Microsoft 365
Delivery & Operations	Project Management, Technical Ownership, SLA Management, RCA, ITIL

PROFESSIONAL EXPERIENCE

Founder & Software Engineer | Laxhya

2026 – Present | London, UK

- Founded and am developing Laxhya, a small software venture focused on turning learning, ideas and real-world problems into practical digital products with a roadmap spanning web applications, cloud services, automation and practical software tools.
- Designed and developed the Laxhya web presence using Next.js, creating a modern digital experience for portfolio-focused products and company services.
- Manage the product lifecycle from idea and requirements through development, deployment, hosting and continuous improvement, building hands-on capability in software engineering and cloud delivery.

Trading Assistant | Sainsbury's

Sep 2025 – Present | UK

- Worked in a fast-paced UK retail environment, strengthening communication, customer service and operational skills while adapting to UK workplace. Handle customer queries and shop-floor support, communicating clearly with a diverse customer base.

Systems Associate – Junior DevOps Engineer | Infosys Pvt Ltd

May 2024 – Dec 2024 | India

- Designed and maintained Jenkins CI/CD pipelines to automate build, test and deployment workflows, reducing release cycle times by 20% and manual handoffs.
- Provisioned AWS infrastructure including EC2, IAM, VPC and RDS with Terraform, improving environment consistency across development, staging and production.
- Managed containerised applications using Docker and Kubernetes/EKS and deployed observability with Prometheus, Grafana, Datadog and CloudWatch, supporting 99.9% uptime and improving incident detection speed by 40%.

Systems Associate – IT Support | Infosys Pvt Ltd

Oct 2022 – Apr 2024 | India

- Provided Level 2 remote technical support through ServiceNow for a globally distributed user base, resolving hardware, software and system incidents within SLA and served as shift lead for a 15-person support team.
- Troubleshoot Windows 10/11 issues and supported Microsoft 365 applications including Word, Excel, Exchange Online, Teams, OneDrive and SharePoint across a distributed environment.
- Administered Active Directory and Entra ID, including Joiner-Mover-Leaver processes, account provisioning/deprovisioning, licensing and device allocation.

SELECTED PROJECTS

End-to-End CI/CD Deployment of Java Application on AWS EKS | Technical Project

2025

- Architected a complete Jenkins CI/CD pipeline for a Java web application backed by MySQL, with automated build-to-deploy workflows using Jenkins and Docker.
- Provisioned the EKS cluster and supporting infrastructure with Terraform and integrated Prometheus and Grafana for real-time observability; achieved a 40% reduction in deployment time and maintained 99.9% availability.

EDUCATION & CERTIFICATIONS

Bachelor of Computer Applications (First Class with Distinction) | A N University | 2019 – 2022

DevOps Online Training (ISO 21001:2018 Certified) | Frontlines Edu Tech Pvt Ltd | Apr 2025
